Problem – Solution Fit Template:

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem. It helps entrepreneurs, marketers and corporate innovators identify behavioral patterns and recognize what would work and why.

Purpose:

- ❏ Solve complex problems in a way that fits the state of your customers.
- ❏ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- ❏ Sharpen your communication and marketing strategy with the right triggers and messaging.
- ❏ Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.
- ❏ **Understand the existing situation in order to improve it for your target group.**

Template:

1. CUSTOMER SEGMENT(S) — CS

Who is your customer? (e.g. busy working professionals doing home workouts, fitness beginners)

- Home workout enthusiasts (22–45 y.o.)
- Individuals wanting guided form correction without costly personal trainers

6. CUSTOMER CONSTRAINTS — CC

What constraints limit their choices?

- Limited budget for personal trainers ($50+/hr)
- Tight schedules; workouts done at home
- No dedicated gym equipment setup

5. AVAILABLE SOLUTIONS — AS

What solutions do they currently use? Pros & Cons?

- **YouTube Videos:** Free, but no real-time posture feedback or correction.
- **Basic Tracker Apps:** Good for logging, but requires manual entry.

2. JOBS-TO-BE-DONE / PROBLEMS — J&P

Which jobs/problems do you address?

- Maintain correct exercise form & posture
- Automatically count workout repetitions
- Track personal fitness progress seamlessly

9. PROBLEM ROOT CAUSE — RC

What is the real reason this problem exists?

- Exercising alone lacks external vision feedback
- Manual logging interrupts exercise momentum and flow

7. BEHAVIOUR — BE

What does customer do to address the problem?

- Workout in front of mirrors to check form
- Record self on smartphone video to review later
- Rely on memory or notebook for rep tracking

3. TRIGGERS — TR

What triggers customers to act?

- Joint pain/injury from bad form; plateau in progress.

4. EMOTIONS: BEFORE / AFTER — EM

- Uncertain & Frustrated ➔ Confident & Motivated

10. YOUR SOLUTION — SL

How does AI Fittrack solve the problem?

- **AI Vision Pose Tracking:** Live real-time audio/visual posture correction via camera.
- **Auto Rep Counter:** Automated repetition tracking without manual touch input.

8. CHANNELS OF BEHAVIOUR — CH

Where do they take online/offline actions?

- **Online:** Mobile App Store, Fitness Subreddits, Instagram reels.
- **Offline:** Home gym/living room exercise space.
